## Skills

Javascript/ ES6

React.js

Redux

Node.js

Express.js

CSS3/ SASS

HTML5

Angular 2+

PostgreSQL

React Native

Full stack software developer with a passion for creating engaging and visually appealing frontend applications. I enjoy challenging myself by bringing creative ideas to fruition and learning the necessary skills to most effectively accomplish the task at hand. Seeking to work in an environment where I can continue to learn and grow as a developer.

## Recent Projects

2018-08 - present	<b>Peppered Software</b> Currently being subcontracted by Peppered Software to assist with a few different projects as a frontend developer. <ul style="list-style-type: none"><li>One project is for a startup called strike protocols, building a data visualizer to represent information comparing institutional capital and currencies on the blockchain. - <a href="https://strikeprotocols.com/">https://strikeprotocols.com/</a></li><li>Also working on an application for a startup called Briza, which allows users to quickly and painlessly find accurate insurance quotes from numerous providers across multiple different industries. - <a href="http://briza.io/">http://briza.io/</a></li></ul> <b>React, Redux</b>
2018-05 - 2018-07	<b>Intelligent Education   <a href="http://courses.intelligent.education/">http://courses.intelligent.education/</a></b> Online education platform allowing users to have a unique experience while learning through interactive embedded course content. <ul style="list-style-type: none"><li>Users can participate in lectures, take quizzes, record notes, and keep track of their progress throughout their enrolled courses.</li></ul> <b>React, Redux, MongoDB, Express.js, Node.js</b>
2018-02 - 2018-03	<b>Belaytionship   <a href="http://github.com/eddiemarovich/belaytionship">http://github.com/eddiemarovich/belaytionship</a></b> A full stack React Native application allowing users to find climbing partners in their area. <ul style="list-style-type: none"><li>Implementing gestures from React Native’s Animated library, users can swipe through other users’profiles with an experience similar to a common online dating application.</li></ul> <b>React Native, Firebase</b>

## Experience

2018-05 - present	<b>Software Developer</b> <i>Freelance</i> <ul style="list-style-type: none"><li>Primarily a frontend developer with strong React/ Redux skills. I have experience working with Angular 5 and Vue.js as well, however strongest and most interested in React, where frameworks are necessary.</li><li>Delivers high quality code with the ability to problem solve and implement new knowledge quickly and effectively.</li><li>Interested in working either with teams on large projects with existing code bases, solo on ground up projects, and everything in between.</li></ul>
2015-12 - 2017-06	<b>Direct Sales and Customer Service Representative</b> <i>SCARPA North America</i> <ul style="list-style-type: none"><li>Increased E-commerce sales by over 30% within the first year, while overseeing over \$1 million of direct to consumer sales.</li><li>Effectively eliminated the preexisting backlog of customer service inquiries and implemented the current system to reduce response time.</li><li>Updated and maintained product pages on our E-commerce platform.</li><li>Facilitated communication between development team and marketing team to alleviate website issues as quickly as possible.</li></ul>

## Education

2017-10 - 2018-03	<b>Galvanize, Full Stack Web Development</b> <ul style="list-style-type: none"><li>Built and deployed numerous applications with a wide array of technologies.</li><li>Gained an exceptional understanding of developing on the NERP stack, while acquiring skills to quickly learn new technologies.</li><li>Strong understanding of TDD and RESTful APIs.</li><li>Built a strong foundation of computer science and Object Oriented Programming best practices.</li></ul>
2010-08 - 2014-05	<b>University of Colorado, Environmental Studies, B.A.</b> <ul style="list-style-type: none"><li>Emphasis in natural resources and sustainability with a focus on mineral development in the western U.S.</li></ul>
